Planted in 1998, this superior vineyard in St. Helena focuses on producing world class Cabernet.

Enjoy the essence of ripe red currant and plum fruit in this full-bodied wine.

Each Revana vineyard block is hand-harvested, vinified and barrel-aged separately prior to blending.

The grapes are hand-harvested and hand-sorted to ensure that only the very best fruit goes into each vintage. After fermentation, the wine is aged for 20 months in carefully selected French oak barrels from some of the finest cooperages.

## KINSELLA 'JERSEY BOYS' CABERNET....DRY CREEK 2018

~Arguably the finest example of Sonoma Valley's Cabernet Sauvignon. Proprietor Kevin Kinsella's vision provided early funding for the hit musical "Jersey Boys". Since then, Kevin has been producing beautiful wines. Previous vintages have scored in the mid 90's from Robert Parker's 'The Wine Advocate.' and the 'Wine Spectator'. ~

## KINSELLA 'HEIRLOOM' CABERNET.....DRY CREEK 2019

~ The oldest vineyard on the Estate, this luxurious wine never ceases to amaze every year. Blue & black fruits, smoke and violets with the ever-apparent level of sucrosity that has become a touchstone for this vineyard. The Heirloom Vineyard is a steep-sloping two-acre parcel, wedged in between an arroyo and a knoll of Spanish oaks. ~

A vivid expression of its unique site, Dominus is a profound and powerful wine, exemplifying purity. With articulated fruit and polished tannins, the wine has elegance, complexity, great length and improves with age.

~For over two decades, Harlan Estate has been committed to creating a California "first growth" wine estate. Founded in 1984, Harlan Estate is set in the western hills of Oakville, rising above the fabled Napa Valley benchlands. Carved from the raw land and built for generations, the estate is over 240 acres of natural splendor, 15% of which are under vine, planted to the classic varietals, Cabernet Sauvignon, Merlot, Cabernet Franc and Petit Verdot.~

---	------	------

~Mole Hill Estate vineyard is located on Howell Mountain, composed of 3 acres of volcanic loam soil. Planted in 1993 and 1994, it is nestled beside a gorge on Howell Mountain at 1700 feet with a western exposure. The gorge acts as an elevator shaft from the valley floor, creating a unique microclimate for the vineyard. Small rocks are prolific and rise to the surface like cream in coffee. In combination with soil depth, this creates a spartan home for the vines, generating a concentration of flavors in the grapes.~
